WELCOME TO EUROTOX 2019

Dear Industry Partners,

The Finnish Society of Toxicology (FST) is excited about organizing the congress EUROTOX 2019 in Helsinki, the capital of Finland. The congress will take place from September 8th to 11th. The venue is Finlandia Hall, a building full of European history and at the same time a modern and a highly sophisticated venue even for the most demanding conference delegate.

Helsinki is an academic city that hosts several universities and research institutions. About 10% of the inhabitants of Helsinki are students who bring a special spirit into the city. Moreover, there are several other characteristics, including the archipelago surrounding the city, the neoclassic city center, and the modern, vibrant downtown. Helsinki is large enough to provide the benefits of a major metropole, and small enough to be a cozy host of the conference.

Helsinki also hosts the European Chemicals Agency that implements European Union chemicals legislation, and headquarters of a number of large international chemical companies. Helsinki has grown to a truly international city with more than 1.5 million people in the metropolitan area. It is currently also full of smaller and larger pearls of gastronomy that can provide excitement to the most demanding taste.

Furthermore, Helsinki is favourably located and conveniently connected with flight connections from all parts of the globe. It can also be reached by train and ships crossing the Baltic Sea.

The congress programme will include a variety of topics dealing with new and emerging technologies, personalized medicine, and epidemiology of exposure to chemicals. Surely climate change and the modifying effects of the arctic environment will have their place in the programme.

The Finnish Society is highly experienced in organizing larger and smaller international scientific congresses, e.g. the 10th International Conference of Toxicology held in Tampere in 2004.

On behalf of the Finnish Society of Toxicology it is a great pleasure to welcome all the delegates to Helsinki in September 2019 to attend EUROTOX2019.

Sincerely yours,

Professor Kai Savolainen
President of FST and Chair of EUROTOX'2019 Organizing Committee

CONGRESS VENUE

A historic, yet modern and versatile venue in the north of Europe!

Finlandia Hall is a building full of European history, yet at the same time a modern and a highly sophisticated venue in the center of Helsinki. Located in a park on Töölönlahti Bay, the combination of a holistic aesthetic vision, unique atmosphere and functionality makes Finlandia Hall one of the most iconic buildings to visit.

World-famous for being a multifunctional and dynamic event venue, Finlandia Hall has the ability to cater every need for various events – from light entertainment and concerts to major international congresses. The 13.475m² large main building offers multiple opportunities to arrange a congress programme at its best.

With tram and bus stops right in front of the building, Finlandia Hall is easily accessible from main bus and railway stations as well as the airport. The city center is only a short walk away.

Exhibition Area

The exhibition of EUROTOX 2019 is scheduled for four days from Sunday to Wednesday, September 8 to 11, 2019. The spacious exhibition area will be located in the Main Building on the auditorium floor and will also host the coffee and lunch break area as well as the poster presentations. In order to increase exhibition visits, the Welcome Reception on Sunday evening will take place in the exhibition and extended congress breaks and poster viewing slots will be scheduled. Thus, a constant frequentation at the booths will be guaranteed to maximize networking opportunities.

INDUSTRY SUPPORT AND SPONSORSHIP LEVELS

Industry support is one of the key elements in the success of EUROTOX congresses. Your presence and generous contributions enable us to maintain affordable registration fees and at the same time offers you the opportunity to demonstrate your commitment to toxicology in Europe and beyond.

On the following pages, various exhibition and sponsorship options are listed, from which you may select different elements up to the amount of your company's financial contribution. Thus, please review all exhibition and sponsorship opportunities and combine those options that suit best to your marketing needs.

Sponsorship Categories

Once selecting a sponsorship option, you will be given a sponsorship category status based on the final amount of your support. The total contribution may consist of items such as advertisements, sponsored sessions, congress materials and exhibition space. You will benefit from outstanding advantages linked to your sponsorship category.

Status will be allocated as follows:

Sponsorship Category	Minimum Contribution
Platinum Sponsor	€ 20,000
Gold Sponsor	€ 15,000
Silver Sponsor	€ 8,000
Bronze Sponsor	€ 5,000
Sponsor	no minimum amount

The deadline for all sponsorship applications is **31 January, 2019**.

Please note: Priority for assignment of sponsorship items and exhibition space is given (pending sponsorship category) within the given deadline. Afterwards, priority can only be granted upon availability. If two sponsors with the same level apply for the same sponsorship item, priority will be given on a "First come-First served"-basis.

II. Sponsorship and Advertising Items

All industry partners who decide to book one of the below-mentioned sponsorship items, will **benefit from acknowledgement as sponsor** on the congress website, in the final programme and on the onsite slides (company logo on the sponsors page).

Congress Programme, Breaks & Social Events

❖ Industry Symposium

Price: **€ 5,000**

Companies can organize their own symposium to showcase new technologies or products to a large number of delegates who regularly attend the industry sponsored sessions. In order to attract even more participants, the sponsor may also provide snacks and drinks during the session at additional costs. The symposium will be suitably embedded in the official congress programme. A session room with the required technical equipment and technical support will be available. The scientific content and selection of speakers is up to the sponsor (to be approved by the Scientific Programme Committee first).

The symposium programme will be included in the online and final programme.

Time frame: 60 minutes, max. 2 in parallel

❖ Scientific Session

Price: **€ 3,500**

Besides plenary and keynote sessions, the EUROTOX scientific programme includes scientific sessions running in four parallel rooms. Interested companies may sponsor one of those scientific session. Acknowledgement will be given to the sponsor by the chair of the session at the beginning.

Kindly note: The support of a scientific session requires the approval of the Scientific Programme Committee (SPC) in order to avoid any possible conflicts of interest. The content and selection of speakers will be determined by the SPC.

❖ Invited Plenary Speaker

Price: **€ 1,500**

Instead of sponsoring a whole congress session, interested companies may also sponsor one of the invited speakers. The financial support will be used to cover the travel and accommodation costs of the plenary speaker.

Kindly note: The support requires the approval of the Scientific Programme Committee (SPC) in order to avoid any possible conflicts of interest.

❖ Coffee Break

Price **on request**

Interested companies can sponsor one of the regular congress coffee breaks (Monday, Tuesday or Wednesday). The company logo will be displayed on the catering tables. Roll-ups (supplied by the company) may be displayed in the catering area on the day of sponsorship.

❖ Lunch Break

Price **on request**

Interested companies can sponsor one of the regular congress lunch breaks (Monday or Tuesday). The company logo will be displayed on the catering tables. Roll-ups (supplied by the company) may be displayed in the catering area on the day of sponsorship.

❖ Welcome Reception

Price **on request**

On Sunday, 8 September 2019, there will be a Welcome Reception for all registered participants. Interested companies have the opportunity to sponsor this event, which will take place in the exhibition area. It offers a perfect networking opportunity. Get in touch with new clients and/or further deepen your existing business relationships! The company logo will be displayed on the catering tables and roll-ups (supplied by the company) will be displayed in the exhibition area. The Congress organization will take care of all logistic details of this evening.

Sponsorship options:

- Co-Sponsoring (non-exclusive sponsoring, limited to 2 sponsors)
- Exclusive Sponsoring (no other sponsor)

On-site Congress Services

❖ Speaker Preview Room

Price: **€ 2,000**

Registration to the conference is only possible via the online registration platform. Please register all your staff members online via the link available on the homepage www.eurotox2019.com in the section “Registration & Accommodation”.

ACCOMMODATION

The Congress Organization offers hotel rooms at favourable rates in Helsinki for all delegates. All listed hotels are located centrally and are well-connected by public transport. The congress venue, Finlandia Hall, can be reached easily and quickly. Detailed information will be available on the congress website www.eurotox2019.com

HOW TO GET THERE

Helsinki Airport (www.finavia.fi/en/airports/helsinki-airport) is the second busiest airport in Northern Europe with 180 international arrivals each day. Direct flights from 130 destinations, including all major European destinations as well as Asia, North America and the Middle East connect Helsinki to the world. Regular bus and train connections guarantee a comfortable and fast journey to the 19km away city center.

Additionally, Helsinki can also be reached by train and ferry from Baltic countries, by ferry from Sweden and by train from Russia.

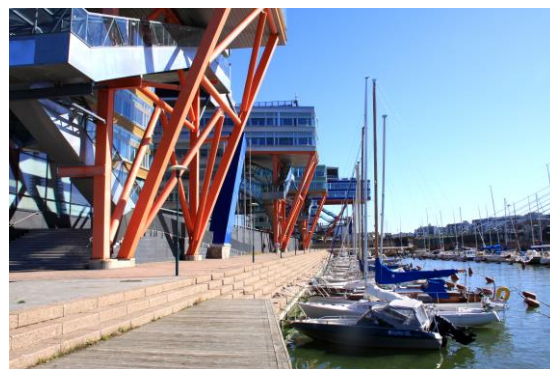

WHY VISITING HELSINKI?

The capital of Finland is a compact city easily explored on foot. Design, architecture, culture and shopping are all great exploration angles and large park areas, forests, lakes, and the coastline with numerous islands sprinkled off it make certain there's no shortage of natural presence.

Helsinki also hosts the European Chemicals Agency that implements European Union chemical legislation, and headquarters of a number of large international chemical companies. Helsinki has

grown to a truly international city with more than 1.5 million people in the metropolitan area. It is currently also full of smaller and larger pearls of gastronomy that can provide excitement for the most demanding tastes.

PRELIMINARY FLOOR PLAN

You may choose your preferred exhibition space– depending on availability. Booths will be sold according to a “First come-First served”-basis, whereas sponsors will be given precedence by the booth assignment. The booth allocation will be communicated by the Congress Organization in early 2019.

Please indicate two alternative booth spaces of preference, in case your first choice is not available anymore.

Deadline Sponsor Application: 31 January, 2019

Deadline Exhibitor Application: 31 May, 2019
