GÖTTINGEN MINIPIGS

On the occasion of the EUROTOX Congress 2020, Ellegaard Göttingen Minipigs invites you to take part in a one-day excursion to our premises. You will be introduced to the background and advantages of using Göttingen Minipigs in toxicology studies and get a glimpse into one of our barriers where we breed Göttingen Minipigs. This is an exclusive offer with only 50 tickets available. Participation is free of charge and transportation and lunch is included.

Date: Sunday, 6 September 2020

Please note: The organisers of the EUROTOX congress are not responsible for the organisation of the workshop and will not accept any liability for any damage or accidents. Attendance at the workshop is at the participant's own risk.
